

Noor Ullah

Full Stack Ruby on Rails Developer

noor102bs@gmail.com · +92 310 9508764 · Islamabad, Pakistan · [linkedin.com/in/your-handle] · github.com/noorullah-dev

available for freelance & contract work

SUMMARY

Ruby on Rails full stack developer with 3+ years of experience building enterprise web applications, Hotwire Native mobile apps, workforce-management systems, and booking platforms. Comfortable across the stack — from database schema and REST APIs to responsive, production-ready frontends.

EXPERIENCE

Freelance / Contract — Full Stack Rails Developer [add start date] – Present

- RiskTrack — enterprise workforce-management platform with guard tracking, scheduling, dashboards, and reporting. (risktrack.co)
- Chore Hustler — marketplace connecting customers with service providers, with booking and responsive UI. (chorehustler.com)
- ShiftTrack — employee scheduling and shift-management system with role-based access and reporting. (shifttrack.co.uk)
- Misr Bazaar — e-commerce marketplace with product management on a scalable Postgres-backed backend. (misrbazaar.com)
- Delivered Hotwire Native mobile apps for Android and iOS on top of existing Rails applications, without a separate client codebase.

SKILLS

Languages & frameworks

Ruby, Ruby on Rails, JavaScript, Stimulus JS, Hotwire, Hotwire Native, Turbo
